

# Situational Leadership

---

**Leaders should adapt their style to the situation**

*Developed by Hersey and Blanchard*

## **4** Leadership Styles:

- S1 - Directing (high directive and low supportive behavior)
- S2 - Coaching (high directive and high supportive behavior)
- S3 - Supporting (high supportive and low directive behavior)
- S4 - Delegating (low supportive and low directive behavior)

## **2** main considerations:

1. Leadership Style
2. Developmental Level of Subordinates

## Development Levels of Followers

- D1 - Low (developing)
- D2 and D3 - Moderate
- D4 - High (developed)

*Followers may have different development levels for different tasks, therefore needing a different management style*
